(DESCRIPTION)

[00:00:00.00] Text, Pet inspired Bissell. Bark bath. how to use bissell no rinse shampoo.

(SPEECH)

[00:00:05.50] If you run into issues using the Bissill No-Rinse Shampoo, we're here to help. When using your BarkBath, always use Bissill No-Rinse Dog Shampoo. Traditional shampoo is too thick and won't dispense from the shampoo reservoir.

(DESCRIPTION)

[00:00:19.63] Pouring shampoos.

(SPEECH)

[00:00:20.83] If the formula isn't flowing, make sure the switch is fully engaged to the desired function.

[00:00:26.80] If the nasal is not dispensing hold the spray trigger for 20 to 30 seconds to prime the machine until it starts spraying.

(DESCRIPTION)

[00:00:34.27] Sprays dog.

(SPEECH)

[00:00:36.40] If you don't see foam on your dog while cleaning using the shampoo, don't worry. The No-Rinse Shampoo is designed to not be foamy. We hope these tips helped you out.
