IMPORTANT SAFETY INSTRUCTIONS

READ ALL INSTRUCTIONS BEFORE USING YOUR VACUUM.
When using an electrical appliance, basic precautions should be observed, including the following:

⚠️ WARNING
TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY:

» Use indoors only.
» For dry pick up only.
» Do not leave machine when it is plugged in.
» Do not service machine when it is plugged in.
» Do not use with damaged cable or plug.
» If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, have it repaired at an authorized service center.
» Do not handle unit with wet hands.
» Do not pull or carry by cable, use cable as a handle, close door on cable, expose cable to heated surfaces.
» Do not unplug by pulling on cable. Unplug by grasping plug.
» Do not run appliance over cable.
» Do not handle plug or appliance with wet hands.
» Do not expose hair, loose clothing, fingers or body parts to openings or moving parts.
» Do not pick up hot or burning objects such as cigarettes, matches, or hot ashes.
» Do not pick up flammable or combustible materials (lighter fluid, petrol, kerosene, etc.) or use in the presence of explosive liquids or vapours.

» Do not use appliance in an enclosed space filled with vapours given off by oil base paint, paint thinner, some moth proofing substances, flammable dust, or other explosive or toxic vapours.
» This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory and mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Cleaning and user maintenance shall not be made by children without supervision.
» Children should be supervised to ensure that they do not play with the appliance.
» Remove plug from electrical socket before cleaning or maintaining the appliance.
» If the supply cable is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
» Do not pick up toxic material (chlorine bleach, ammonia, drain cleaner, petrol, etc.).
» Do not use for any purpose other than described in this User’s Guide.
» Use only manufacturer’s recommended attachments.
» Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce air flow.
» Keep appliance on a level surface
» Turn off all controls before unplugging.
» Be extra careful when cleaning stairs.
» Pay close attention when working around children.

SAVE THESE INSTRUCTIONS FOR FUTURE USE

This model is for household use only.

THIS APPLIANCE HAS A POLARIZED PLUG.

To reduce the risk of electric shock, this appliance has a polarized plug (one blade is wider than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install a proper outlet. Do not change the plug in any way.
Thanks for buying a BISSELL vacuum

We’re glad you purchased a BISSELL vacuum. Everything we know about floor care went into the design and construction of this complete, high-tech home cleaning system.

Your BISSELL vacuum is well made, and we back it with a limited two-year warranty. We also stand behind it with a knowledgeable, dedicated Consumer Care department, so, should you ever have a problem, you’ll receive fast, considerate assistance.

My great-grandfather invented the floor sweeper in 1876. Today, BISSELL is a global leader in the design, manufacture, and service of high-quality homecare products like your BISSELL vacuum.

Thanks again, from all of us at BISSELL.

Mark J. Bissell
Chairman & CEO

» Before cleaning under low furniture, check area first for objects that might harm the unit or block the hose.
» Hair, string and small objects can block the hose and tools. Check them occasionally for obstructions.
» Use the air flow regulator to reduce air flow as needed when using the tools.
» For maximum cleaning performance, check the filters often and clean or replace if necessary.
A  Product View

Do not plug in your cleaner until you have completely assembled it per the following instructions and are familiar with all instructions and operating procedures.

B  Assembly

1. Connect hose to vacuum by inserting hose connector on the end of the hose into the suction inlet. Make sure the hose is positioned so the tabs on the hose connector line up with the notches on the suction inlet.
2. Connect hose handle to the end of the extension wand and twist slightly to tighten.
3. Connect floor nozzle to the end of the extension wand and twist slightly to tighten.
4. Once assembled, you can store your vacuum by inserting the storage clip (located on the back of the floor nozzle) into the storage slot on the rear of the vacuum. Colours may vary from models shown.

C  Operations

Power cord

The power cord is located at the rear of the vacuum. Gently pull out the power cord, watching for the yellow line. Stop pulling the power cord once the yellow line is visible. There is also a red line, which indicates the end of the usable cord. Do not pull the power cord out beyond the red line.

- Before using your vacuum, make sure that the dirt cup and all filters are in place. Do not operate your vacuum without the dirt cup and filters.
- Be careful to avoid injury as cord retracts very quickly.
- Plastic film can be dangerous. To avoid danger of suffocation, keep away from babies and children.

C1 - Rewind

Your vacuum is equipped with an automatic cord rewind. When cleaning is finished, press the power button OFF and grasp the plug to disconnect from the electrical outlet. Hold the plug and press the automatic cord rewind button to rewind the cord automatically.

C2 - Power button

Turn the power ON or OFF by pressing lightly downward on the power button ( ).

Special tools

Your BISSELL vacuum is not only a powerful carpet and rug vacuum cleaner, it’s also a versatile bare floor and above floor vacuum cleaner when you select one of the special tools.

Floor nozzle (12)

Use to vacuum carpets, rugs and bare floors. Swivel head turns to get into tight spaces and fits under cabinets.
1. To vacuum carpets and rugs, push the brush switch to the carpet position a. Up / b. Down. This will pull the brushes up into the floor nozzle.
2. To vacuum bare floors, push the brush switch to the bare floor position . This will extend the brushes down from the floor nozzle.

Small accessories (13)

Use the crevice tool in tight, narrow spaces. Use the dusting brush to clean curtains, draperies, and side tables and window ledges. Use upholstery tool for soft furnishings.

TurboBrush™ Tool (14) (select models only)

Use rotating brush action for small, flat areas such as cushions and beds.

NOTE: Press down gently and pull toward you in a raking motion. Too much pressure will cause the brush to stop rotating.

Hard Floor Brush (15) (select models only)

Specially designed to vacuum bare floors.

Turbine Head (16) (select models only)

Use to vacuum carpets and rugs. Swivel head turns to get into tight spaces and fits under tight cabinets. Easy-to-remove nozzle window for cleaning threads and debris from the brush roll. Squeeze the 2 small tabs at the side of the foot to release the window. To replace, align the window tabs at the top with the 2 openings of the foot and push into place until you hear a snap and the window is securely in place.
Air flow regulator (2)

Open the air flow regulator by sliding the regulator up towards the handle to an open position. This will reduce the suction power for vacuuming delicate fabrics.

For full suction power, close the air flow regulator by sliding the regulator down to the closed position.

D Care & Storage

D1 - Empty the dirt cup

Empty the dirt cup as soon as the dirt reaches the “FULL” lines on the sides of the dirt cup.

1. Unplug the vacuum from the electrical outlet.
2. Press the dirt cup release button on the carry handle and lift up to remove the dirt cup.
3. Choose an emptying method. Method #2 is recommended for allergy sufferers.
   - **Method #1** – Hold the dirt cup over a rubbish bin and push the emptying button to open the bottom. Close the bottom after the dirt empties.
   - **Method #2** – Place a plastic bag over the bottom of the dirt cup. Push the emptying button through the plastic to open the bottom. After the dust settles, close the bottom and remove the bag to discard.
4. Replace the dirt cup by placing it back into the vacuum and pushing down on the carry handle until it snaps back into place.

D2 - Cleaning the dirt cup filter

Use only BISSELL replacement filters.

1. Unplug the vacuum from the electrical outlet.
2. The dirt cup filters can be reached by removing the dirt cup from the vacuum, and unclipping the dirt cup lid then pivoting backwards. Pull filter upwards to remove.
3. Remove the cyclone screen by gripping the two tabs revealed by the filter removal, twisting counter-clockwise until you hear a click and then pulling straight up.
4. The cyclone filter screen, dirt cup filter and filter foam can be be hand washed in cold water with a mild detergent. Rinse well and air dry thoroughly before placing back onto the filter frame base.
5. Attach cyclone filter screen into dirt cup by placing back into position, lining up the word ‘close’ with the tab below the dirt cup lid hinge. Twist clockwise to lock.
6. Place the premotor filter on top with foam side facing down.
7. Close dirt cup lid and replace dirt container back onto product.

D3 - Replacing the post-motor filter

The post-motor filter assists in the filtration process to return cleaner air to the room. Use only BISSELL replacement filters.

1. Unplug the vacuum from electrical outlet.
2. Remove the filter door (located on the back of the vacuum) by pushing down on the tab and pulling out and away from the vacuum.
3. The post-motor filter can be hand washed in cold water with a mild detergent. Rinse well and air dry thoroughly before placing back into the vacuum.
4. Replace the filter door by placing the tabs on the bottom of the filter door into the notches on the bottom of the post-motor filter compartment and pushing the tab forward back into the vacuum to lock into place.

To reduce the risk of electric shock, turn power switch off and disconnect plug from electrical socket before performing maintenance or care.

Do not operate cleaner with damp or wet filters or without all filters in place.

This product is intended for household use only and not for commercial or industrial use. Vacuuming of dust from products like plaster, concrete or ashes will damage the motor and void the warranty.
Clearing clogs from the dirt cup

1. Unplug the vacuum from electrical outlet.
2. Remove the dirt cup from the vacuum, following steps 1-3 of Emptying the dirt cup on page 6.
3. Remove the dirt cup filter assembly from the dirt cup, following step 2 of Clean the dirt cup filter on page 6.
4. Tap the dirt cup filter assembly over a garbage container to remove any dirt or debris from the cyclone screen that surrounds the dirt cup filter.
5. Reach up into the dirt cup to clear any dirt or debris from the dirt cup.
6. Check to see if there are any clogs in the suction inlet.
7. After clearing any dirt or debris from the dirt cup, replace the dirt cup filter assembly back in the dirt cup following step 5 of Cleaning the dirt cup filter on page 6.
Consumer Warranty

This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state. If you need additional instruction regarding this warranty or have questions regarding what it may cover, please contact BISSELL Consumer Care by E-mail, telephone, or regular mail as described below.

Limited Two-Year Warranty

Subject to the “EXCEPTIONS AND EXCLUSIONS” identified below, upon receipt of the product BISSELL will repair or replace (with new or remanufactured components or products), at BISSELL's option, free of charge from the date of purchase by the original purchaser, for two years any defective or malfunctioning part.

See information below on “If your BISSELL product should require service”.

This warranty applies to product used for personal, and not commercial or rental service. This warranty does not apply to fans or routine maintenance components such as filters, belts, or brushes. Damage or malfunction caused by negligence, abuse, neglect, unauthorized repair, or any other use not in accordance with the User’s Guide is not covered.

BISSELL IS NOT LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE ASSOCIATED WITH THE USE OF THIS PRODUCT. BISSELL'S LIABILITY WILL NOT EXCEED THE PURCHASE PRICE OF THE PRODUCT.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

*EXCEPTIONS AND EXCLUSIONS FROM THE TERMS OF THE LIMITED WARRANTY

This warranty is exclusive and in lieu of any other warranties either oral or written. Any implied warranties which may arise by operation of law, including the implied warranties of merchantability and fitness for a particular purpose, are limited to the two-year duration from the date of purchase as described above.

Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

NOTE: Please keep your original sales receipt. It provides proof of date of purchase in the event of a warranty claim.
